CerTest 5.0 Computer-Based Testing Program Update for Fire Protection and Readiness Flights, July 2006

This update:

- Incorporates the prior March 2005 and June 2005 updates.
- Updates CerTest to Version 5.2
- Renames the *Infectious Disease Control* Training Area as *Infection Control – Silent War I*
- Adds the *Infection Control – Silent War II* Training Area.
- Adds six new Silent War II Infection Control tests. (Test #s 355 to 361)
- Renames several tests so they are better organized and family grouped by category.
- Revises test bank questions that were revised based on valid question challenges.
- Adds the new HazMat Branch Officer, Driver Operator – MWS, Fire Officer II and Fire Inspector II course exams. (Test #s 8513, 8540, 8546 and 8572, respectively)
